SOFTWARE DEVELOPER
M/F/D **FULL-TIME | LINZ, AUSTRIA**

Insite LMS is a leading solution for digitalization in industrial construction. With our platform for construction site management, project logistics, material management, and site management are seamlessly connected. Join our team in Linz, Austria, support us in further developing our platform - and in doing so, support our renowned, globally operating clients in handling their projects sustainably and efficiently.

YOUR TASKS

- As a member of our development team, you will contribute to the maintenance, optimization, further development, and testing of our platform.
- You will work closely with your colleagues to create a robust, scalable, and high-quality solution for our clients using the latest technologies.

YOUR PROFILE

- Completed degree in Computer Science or Software Development
- Solid knowledge of C#, the .NET framework (WPF, Blazor, MAUI), or Angular and TypeScript
- Familiarity with relational databases and a good understanding of high-quality software
- Strong analytical thinking skills, team spirit, and a willingness to learn
- Openness to exploring new technologies and development trends
- A structured, solution-oriented, and self-reliant working style
- Very good German and good English skills, both written and spoken

WHAT WE OFFER

- The opportunity to actively help shape the efficient execution of large-scale industrial construction projects worldwide as part of our small team
- An exciting and diverse range of responsibilities, including the further development of our desktop and web clients as well as our mobile apps - depending on your strengths
- Numerous opportunities for personal and professional growth - including the chance to become our in-house table football champion
- A family-like work environment and flexible working hours (flexitime and home office options)
- A modern, fully equipped, and easily accessible office in the recently opened Quadrill Tower with a breathtaking view over the rooftops of Linz (from autumn 2026)
- An above-average salary starting at EUR 4,500 gross per month. The actual salary depends on your qualifications and will be agreed upon individually.
